"Parent Cafe equipped me with community and support during a challenging time that required a major transition for me and my family. For the first since relocating to Texas as a family, we had to be apart for 6 weeks. I extend my deepest gratitude for a resource like Parent Cafe bridging the different stages of parenting. I have met people I will remember forever, and I made friends that I can call friends for a lifetime. I received an abundant amount of support and empathy, including a consistent feeling of empowerment knowing I am not alone with each Parent Cafe meeting.

Producing a space to connect individuals and families is the highest form of service in creating powerful communities. Thank you Bridges to Growth for creating a safe space for wisdom to be heard, shared, and learned from parents of many generations doing their best to raise the future generations to come."

"I knew I was making a difference in my SYEP job when a little girl told me she knew I cared for her and made her feel safe and special. It was a rock star moment for me to hear that."
